Marketing Bulletin 2020-01

18 February 2020

Goodyear Aviation is pleased to announce the introduction of a new Flight Eagle tire for the Global Express

Goodyear has updated the H38x12.0-19 Flight Eagle main landing gear tire for the Bombardier Global Express family of aircraft. The new part number 382K02-1 has a higher speed rating for the Global 5500/6500 and replaces P/N 382K03-3.

Future orders should be placed for 382K02-1 and existing orders for 382K03-3 will be converted per the following information:

Size / PR / Speed	Part Number	Product Code	Status
H38x12.0-19 20/225	382K02-1	301-489-058	New
H38x12.0-19 20/210	382K03-3	301-487-870	Discontinued

Part number 382K02-1 is fully interchangeable with 382K03-3 on Global Express, Global 5000, and Global 6000 aircraft. 382K03-3 is not approved for use on Global 5500 and Global 6500 aircraft.

For questions, please contact your local Goodyear sales representative.
