Nicrocraft™ Cirrus® SR22 Muffler & Heat Exchanger - FAA-PMA Approved

Available now and
 manufactured to the
 highest quality standards

Expertly Manufactured and Made to the Highest Quality Standards

Nicrocraft™ Mufflers & Heat Exchangers are manufactured at Wall Colmonoy Corporation at our state-of-the-art production facility in Oklahoma City by an expert engineering team including FAA-DER and FAA-DMIRs on staff, plus a full suite of fabrication equipment.

Each part is made to the highest quality standards. We offer the Quality Assurance Certifications of AS9100 Rev D, ISO 9001:2015, AWS D17.1/D17.1M:2017 (welding), FAA Repair Station #BG2R715K, FAA-DER - Exhaust Systems.

Supplier of Choice to OEMs

Wall Colmonoy is the supplier of choice to the OEMs, and all mufflers are built to the latest original equipment specifications.

Construction

The Cirrus® SR22 Muffler & Heat Exchanger are constructed of heat resistant 321 stainless steel. The baffles are made of Inconel alloy to provide maximum reliability, corrosion resistance and service life.

	OEM P/N	Nicrocraft P/N	Condition
Heat Exchanger	14837-001	WCC14837-001	FAA-PMA
Muffler	14836-002	WCC14836-002	FAA-PMA

Quality, Reliability, and Safety

Since 1968, Wall Colmonoy has been the leader in Aircraft Exhaust Systems. In our more than 50 years in manufacturing and overhauling aircraft exhaust parts, we have built a reputation for quality, reliability and safety.
